Our Services

Our services include professional Smile Makeovers, teeth rejuvenation and general dentistry. Smile Makeovers combine several Cosmetic Dentistry treatments to help you achieve the perfect smile, where the results are immediate and dramatic.

Tooth Whitening

Tooth Whitening treatment will give your smile a new lease on life. Now the most popular form of Cosmetic Dentistry treatment; Tooth Whitening can be the quickest, most effective way to enhance the appearance of your smile.

At Smile Sensations we utilise the BriteSmile Tooth Whitening system. BriteSmile can dramatically lighten teeth up to ten shades within just one visit. The results are immediate and can last for years.

- BriteSmile whitening gel is carefully applied to your teeth.
- The gel is then activated by BriteSmile's patented gentle blue light for 20 minutes while you relax and listen to music.
- This process is repeated 2 or 3 times more before you go home.

Present this flyer when visiting our practice, and you will receive a special **30% reduction on the two Britesmile whitening offers.**
